

All Aboard For The Mammoth Cave

The Bee's Mammoth Cave trip via Evansville and Green River will leave Earlington on train 52, Monday June 23, and arrive in Evansville at 1:45 p. m. The Evansville Traction Company will have one of their summer tourist cars meet us at L & N. Depot for ride over the city and suburbs. The party will leave Evansville at 9 o'clock and after a 200 mile river trip showing some of the grandest and most inspiring scenery in this country, they will arrive at the Cave Wednesday morning for breakfast. Will take route No. 2 that morning and No. 3 late in the afternoon in order that they may have the entire Thursday to visit Colossal Cavern if they wish. Will leave the Cave Thursday night and arrive in Evansville Saturday night in time to have their special coach put on train 93 for home. A special coach will be furnished from Earlington to Evansville and return for this occasion. The entire trip including all expenses will cost \$20.00. Any one wishing to make one of this party may do so by sending their name by 5 o'clock Thursday, June 20 and depositing 20 dollars in this office. Address all communications to

GET READY

FOR THE CAVE

There Will be a Party of Fifty or More Who Will Go With The Five Young Lady Contestants

TO MAMMOTH CAVE TRIP

The contestants in the Bee's Diamond Ring Mammoth Cave trip are at work as never before and they are piling up votes for the last day, June 20th. There will probably be some surprising changes made in the standing when the final count is made by the committee. If every one goes who has signified they will, there will be a large crowd on this trip and it looks now as if this would be the most successful trip we have had. Mrs. S. M. Kemp of this city will chaperone and will look after the young ladies and girls as if they were her own. Arrangements have been made for a trolley ride over Evansville and the suburbs in a special car. The party will travel from here to Evansville in a special coach and we will have the steamer Bowling Green from Evansville to the Cave returning on the steamer to the city of Evansville. \$20.00 pays all expenses for the entire weeks outing and it is one of the most enjoyable trips you could take. No dust, no smoke, no noise, just one big happy party and every one happy and having a good time. Come and go with us.

U. S. FURNISHES FREE MOVING PICTURE SHOWS

Government Contracts For Films For Entertainment of Workers in West

Washington, June 7.—Through the award of contracts for several thousand feet of motion picture films it became known today that the United States Government is engaged in the moving picture business on a big scale. The enterprise is being carried on by the Reclamation Service in its camp in the West, a number of which have been established owing to the prosecution of great irrigation projects and other engineering work. The "movies" furnish their part in the general scheme to keep the workmen and their families, isolated from the world, contented and happy.

The Home Paper

It wants you on its reading list, recorded on its books, and then you'll get it every day and know just how it looks.

It will tell you all about the news, in this and nearby towns, who gets married, dies, is born and who elopes or drowns.

There isn't a thing that tends to help the town that the paper doesn't catch it up and quickly pass it round.

It tells about your visitors, with titles emphasized, while all their points of merit are freely generalized.

It tells the story of success, but screens the failure side, and when the facts will make a mess it simply lets them slide.

It tells about your virtues and overlooks your sins, and puts an extra emphasis upon the birth of twins.

It never deigns to tell a lie except in personal praise, and then it does it clear and strong, and with its choicest phrase.

In writing up your marriage, it elaborates with care, and says the bride is beautiful and the groom was on the square.

It doesn't matter who it is that crosses Jordan's river, the paper tickets him as saint, and safely sends him thither.

It tells about that darling boy who had a dollar raise, leaves out his measly little tricks and just recites his praise.

THIS WEEK

There is Money in It For You If You Find Your Name in the Bee and Bring it to the Idle Hour

ANY NIGHT NEXT WEEK

Find your name in Tuesday's or Friday's issue of The Bee and bring the paper containing it to the Idle Hour Moving Picture Show on Monday, Tuesday, Wednesday, Thursday or Friday night and get a dollar. We will give away ten one dollar bills at the Idle Hour next week to some one who has their name in the papers. The names will be placed anywhere in the paper, scattered all through it and all you have to do to get the dollar is to bring the issue containing your name to the Idle Hour and if your name is the one called out, you get the dollar. Don't forget we are showing the new Mutual service that money can buy. Come to the show every night and see a good, high class show. The Boy Scouts will have the Idle Hour on Tuesday and Wednesday night of this week and they are very anxious for their friends to attend on these nights and help them make enough money to buy uniforms.

The Gentle Cynic

The more a man gets left the more he talks about his rights.

Hard words becomes harder still when you have to take them back.

Even the weight of his own dignity will sometimes carry a man under.

No woman is so economical as to want to make her wedding dress do twice.

The average married man often wonders how his wife can have so much faith in him.

Some men are born great, some achieve greatness, and others thrust themselves upon it.

The self-made man always seems to have paid particular attention to his vocal organs.

In some of those Latin-American republics it seems easier to be President than to be right.

For Faithful Services

Lawson Miles received Friday evening by mail from Frankfort a very handsome bronze medal for nine years faithful service in the Kentucky State Guard. Mr. Miles has been a member of the Earlington Company ever since its organization and is now first sergeant, the highest office he can get in the Company as an enlisted man. His record has been second to none and if we had a full Company of men such as he, we would capture all the medals and flags offered for efficiency and drill.

Looks Like No Crop

It begins to look like there will be no tobacco crop raised in Henderson county this year. Plant beds have been destroyed, bars burned and various other depredations committed, and now anonymous letters are being sent broadcast over the county. One of the latest of these is worded as follows:

"You are notified not to put out any more tobacco. What you have out make away with it, or we will make you eat it, roots and all, and if you make any attempt to put out any more we will clean you up. Take us at our word, or take worse. We do just what we say we will, get you all sooner or later."

UNITED MINE WORKERS CHARGED WITH CONSPIRACY

Nineteen Leaders Indicted On Claim They Banded Together To Control Wages Paid To Coal Laborers

WANTED MEN IN UNION FOR ILL PURPOSES

Charleston, W. Va., June 7.—President John H. White and eighteen other officials of the United Mine Workers of America were indicted in the Federal Court here today on a charge of violating the Sherman anti-trust law.

It is alleged the defendants conspired with the coal operators of Pennsylvania, Ohio and Illinois to raise wages in the West Virginia coal field so as to prevent its competition with the other States in the western market.

Those indicted besides White are; E. Hayse, vice president; Thomas Haggerty, Joseph Vesey, James Cantrell, Charles Hatley, Marco Roman, George Edmonds and Benjamin F. Morris, organizer of the United Mine Workers of America; Thomas Cairns, president; Clarence C. Griffith, vice president; James M. Crago, secretary of district No. 17, United Mine Workers of America, and James Diana, John Nutter, Rome Mitchell, W. S. Reece, F. D. Stanley, U. S. Centley and A. D. Lavender, officers of district No. 17.

The indictment charged that the nineteen men affiliated with the United Mine Workers of America did engage in a combination and conspiracy in restraint of trade and commerce in the several States. The offense is said to have started September 1, 1912 and to have continued since.

It is charged that the men have been agents and members of "an uncooperative voluntary organization of individuals of a labor union known as the United Mine Workers of America, having many members who unlawfully combined and conspired together with the object and intent of unionizing and making members of said organization the laborers employer in and around the coal mines of the State of West Virginia in order that with the intent of said organization by regulating the wage to be paid to said laborers for their work could and would check and control the price at which the coal mined in State of West Virginia could compete with the coal mined in the States of Ohio, Indiana and Illinois in the markets of the States of the United States outside of West Virginia."

It is in the indictment that there has been opposition between the operators of West Virginia and the operators of Pennsylvania, Ohio, Indiana and Illinois for the market in Canada and the great lake trade. It is charged that the mines in the competitive States are unionized and the coal operators of Pennsylvania, Ohio, Indiana and Illinois, have entered into a combination and conspiracy with the miners' union wherein the alleged conspirators have agreed to prevent the coal from West Virginia entering the market in the lake region and Canada.
